

## **GOOD TO ME**

Wade Joye, Aaron Robertson, Jane Williams

CCLI: #7162633

### VERSE 1

No matter what I see  
No matter how I feel  
I have a friend that's true  
I know a love that's real

### PRE-CHORUS

And even when I run  
Yeah You're running after me  
And when I mess it up  
You're redeeming everything  
Even when I fail  
Even when I fall  
Oh I just can't believe  
That even through it all

### CHORUS

You're good to me  
You're good to me  
You always are  
You're good to me  
You're good to me  
It's in Your heart  
You're always good to me

### VERSE 2

This will always be  
No matter how I feel  
I have a friend that's true  
I know a love that's real
