CCLI: #7129057

VERSE 1

Don't wanna fall for illusions
Chasing every empty dream
Not gonna wait for the future
To seek You in everything

VERSE 2

Your grace is so unimagined
More than I can understand
Just when I think that I get it
God You surprise me again

PRE-CHORUS

And in a moment
I awoke to who You are
My eyes are open
And I know You're never far

CHORUS

Show me life
Like I've never seen before
Through Your eyes
I caught a glimpse
But I know there's so much more
You are life in living color

VERSE 3

Jesus You have my attention
I have set my heart on You
Show me the world I've been missing
You are my new point of view
