CCLI: #7162627

VERSE 1

You are the artist
You hold all the pieces
You're not afraid
Of whatever it takes
To put me together

VERSE 2

So why should I panic
When I feel broken
There's never a day
Where You'd turn me away
Your love is forever

PRE-CHORUS

You smile when you look at me
You made no mistake
I am Your masterpiece
I'm marked by Your name

CHORUS

Oh You love me
And You want me
Nothing is missing
Nothing is missing no
Cause You love me
And You want me
Nothing is missing no
Cause You love me

VERSE 3

You are my father
You know all my questions
You don't hesitate
And You do what it takes
To show me You love me

BRIDGE

I have nothing to prove
You're already proud
I have nothing to hide
I'm already found
I'll let your love for me
Become my everything
